Timonie would have the best information. Exide's recycled batteries are 'products' and not 'waste' so it's not part of our regulated universe.

Do you want to field this, or have her talk with CID?

Lisa B. Hanf, Assistant Director

Hi Ladies,

Ease see the below from DTSC. Do we track this and know where it's all going?

Nahal

Nahal,

Do you know if your agency tracks shipments of recycled batteries? I am trying to find out where Exide's volume is going?

Thanks
